

We are trying something new this year for the youth group in a better effort to keep both you and your child informed about things going on here at faith. We are using texting and emails to send our notifications about upcoming events and due dates. This way, hopefully, your child does not come out of youth group on the day something is due and ask you to sign something. I will be collecting both emails and cell phone numbers from students and parents and will be sending notifications via windows outlook for both.

I give Ronald Harrison, director of youth ministries, permission to contact my child _____ through email and/or texting through out the 2009-2010 school year.

Childs cell phone # _____ Carrier _____

Childs email _____

Parents/Guardian cell phone # _____ Carrier _____

Parent/Guardian email _____

* fill out only the areas in which you want you or your child to be contacted
